EDUCATION

Bachelor of Technology in Computer Science, ***GLAUniversity, Mathura, CPA : 7.57/10*** June 2027

Intermediate, JNV School, Nuh, Percentage : 61.6% May 2023

High School, HMH School, Punhana, ***Percentage : 100%*** May 2021

TRAINING EXPERIENCE

Applied Machine Learning with Generative AI (JOVAC) June2025–July2025

- Gaining foundational knowledge in Machine Learning Algorithms & Generative AI techniques.
- Learned to analyze data & Implement AI-driven solutions using practical exercises.

PROJECTS

TrackPoint – Full-Stack Project. Github Live Dec2025–Feb2026

- Developed a full-stack task tracking web app with role-based access, real-time updates, and analytics.
- Designed and implemented RESTful APIs, user authentication/authorization.

QuizSphere – Frontend Project. Github Live Nov2025–Dec2025

- Developed interactive quiz app with user authentication.
- Implemented score tracking and data persistence using Local Storage.

QuickDo – Frontend Project. Github Live Sep 2025 – Oct 2025

- Built responsive task management web app with user authentication.
- Deployed on vercel for live usage

SKILLS

Technical

Java, JavaScript, Data Structures & Algorithms (DSA)
HTML, CSS, React, Next.js
Github, VS Code, Vercel
OOPs, DBMS, Computer Networks

Professional

Problem Solving
Teamwork & Collaboration
Quick Learning
Communication skills

CERTIFICATIONS

- NPTEL Certifications
- Attended workshop on Data Science Certificate (CodeSquadz).
- Machine Learning With gen AI Certificate.

CO-CURRICULAR ACTIVITIES

- LeetCode : Solved 450+ DSA problems with a rating of 1600+, ranking in the top 20% globally.
- Codeforces : 800+ Rating.

DECLARATION

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge.
